Part V- Evaluation Criteria & Price Bids Issues

1. **Evaluation Criteria:** The broad guidelines for evaluation of Bids will be as follows:-

(a) Only those Bids will be evaluated which are found to be fulfilling all the eligibility and qualifying requirements of the RFP.

(b) The Lowest Bid will be decided upon the lowest price quoted by the Bidder as per the Price Format. The consideration of taxes and duties in evaluation process will be as follows:-

(i) in case where only indigenous Bidders are competing, all taxes and duties (including those which exemption certificates are issued) quoted by the Bidders will be considered. The Ultimate cost to the Buyer would be the deciding factor for ranking of Bids.

(ii) In cases where both foreign and indigenous Bidders are competing, following criteria would be followed:-

(aa) In case of foreign Bidders, the basic cost (CIF) quoted by them would be the basis for the purpose of comparison of various tenders.

(ab) In case of indigenous Bidders, excise duty on fully formed equipment would be offloaded.

(ac) Sales tax and other local levies, i.e. octroi, entry tax etc would be ignored in case of indigenous Bidders.

(c) The Bidders are required to spell out the rates of VAT, service Tax, etc in unambiguous terms; otherwise their offers will be loaded with the maximum rates of duties and taxes for the purpose of comparison of prices. If reimbursement of VAT or any other applicable taxes is intended as extra, over the quoted prices, the Bidder must specifically say so. In the absence of any such stipulation it will be presumed that the prices quoted are firm and final and no claim on account of such duties will be entreated after the opening of tenders. If a Bidder chooses to quote a price inclusive of any duty and does not confirm inclusive or such duty so included is firm and final, he should clearly indicate the rate of such duty and quantum of excise duty included in the price. Failure to do so may result in ignoring of such offers summarily. If a Bidder is exempted from payment of VAT/any other applicable taxes upto any value of supplies from them, they should clearly state that no tax will be charged by them up to the limit of exemption which they may have. If any concession is available in regard to rate/quantum of VAT/any other applicable taxes, it should be brought out clearly. Stipulations like VAT was presently not applicable but the same will be charged if it become livable later on, will not be accepted unless in such cases it is clearly stated by a Bidder that any duty/tax duty will not be charged by him even if the same becomes applicable later on. In respect of the Bidders who fail to comply with this requirement, their quoted prices shall be loaded with the quantum of excise duty which is normally applicable in the item in question for the purpose of comparing their prices with other Bidders. The same logic applies VAT/any other applicable taxes also.

(d) The Lowest Acceptable bid will be considered further for placement of Contract Supply Order after complete clarification and price negotiations as decided by the contractee. The Buyer will have the right to award contracts to overall lowest bidder. The Buyer also reserves the right to do Apportionment of work, if it is convinced that Lowest Bidder is not a position to supply full quantity in stipulated time.
